

Airspace Isn't Just for Pilots Anymore

Between skydivers, model rockets, UAS and wildlife, it's important that pilots realize they're not alone in the sky. Join a discussion on how to operate safely around non-traditional airspace users. Click on the link below and register TODAY.

Directions: From Dover, NH - From downtown, take Central Ave. (RT-9) north. After it turns into New Rochester Road (RT-108), continue 5 miles and the airport will be on your right. Look for signs to the event. From Rochester, NH - From downtown, take South Main St. south. After it turns into Rochester Hill Road (RT-108), continue 2.1 miles and the airport will be on your left. Look for signs to the event.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
